

Michael Milbach

1. *Where are you currently employed and what is your occupation?*

I am the President and Founder of Milbach Construction Services, Co. Milbach Construction Services, Co. is a leader in providing Professional Services relating to the construction industry. Established in 1997, we specialize in planning, design, and build services to satisfy our client's expectations through vision, technology, innovation and integrity. My responsibilities include development and implementation of a sound business plan and day to day operations of the company.

2. *In what capacity have you previously served for a credit union?*

This would be my first official contribution of my services. I have been a member of a credit union since my father introduced me to our local credit union in Kaukauna. I have experienced the personal approach to client services offered through savings, checking and borrowing services. I have firsthand experienced the ability of the Credit Union to build relationships with small businesses. Fox Communities Credit Union was instrumental in providing Milbach Construction Services, Co. the opportunity to recognize its financial position for continued growth when other financial institutions closed their doors.

3. *How do you feel you can contribute to our credit union and its Board of Directors?*

After 26 years of experience in the construction industry and as lifelong resident of the Fox Valley, I feel my two greatest assets are my familiarity with all aspects of construction and my deep roots in our community – the various individuals I have come to know through my profession and community service. As a member of the Board I would be able to assist in the development of land acquisitions, upgrades and maintenance of existing facilities. In my opinion, this contribution would be of value to the Credit Union membership. As a long-time satisfied credit union member, I will do my part to assure that members continue to receive caring service, in a safe functional facility, doing what I can to provide advice on practical but comfortable work areas, and equipment utilizing technology required to attract the best employees to serve the credit union member.

I ask that you give serious consideration to my application, for I am confident that I will continue to be an ambassador to the Fox Communities Credit Union in whatever capacity I may serve.
