

The FOX FACTS

For Friends of Fox Communities Credit Union

Checking, Online Banking & Online Bill Pay, A Great Combination!

These three great services go together just like Mike Sherman, Ahman Green & Brett Favre!

How to play the game:

1ST DOWN

Start with an interest bearing checking account or a Fox Free Checking account! Both are great accounts! One earns interest on your checking funds and the Fox Free has no minimum balance and unlimited check writing. Stop into any of our offices and we will get you set up right away!

2ND DOWN

Sign up for online banking when you open your checking account or go to www.foxcu.org and get started there. Online banking allows you the convenience to check all your balances, transfer money and so much more 24 hours a day, 7 days a week!

3RD DOWN

Once you are signed up for Online Banking, sign up for Online Bill Pay through Online Banking. Pay anyone anytime right from your computer. This will save you time on paying your bills. A great service FREE* for the remainder of 2003!

TOUCHDOWN!

YOU WIN with this combination! There is no beating these great services combined together!

*Free until 1/1/04...after that it will be \$4.95/month up to 15 bills and thereafter .36¢ each. Business accounts are set up differently.

Online Banking and 24 hour electronic telephone access will be down periodically beginning at noon Saturday, September 27th thru Sunday, September 28th.

Due to the changing loan needs of our members, we need to expand some of our 3 digit loan account type numbers. During this weekend we need to temporarily shut down Online Banking and 24 hour telephone access, in order to accomplish this change correctly. This change will not affect your base member number, only the 3 digit number that follows your member number. If your loan type starts with a 0, it will be changed as shown below:

- **Personal loans with a loan account type of 010 thru 019 will be 510 thru 519.**
- **Mortgage loans with a loan account type of 080 thru 089 will be 680 thru 689.**

- **Kwik cash and business lines of credit with a loan account type of 030 thru 033 will be 730 thru 733.**
- **Home equity lines of credit with a loan account type of 094 thru 097 will be 794 thru 797.**

There is no need for you, the member, to make any changes at the credit union. We will handle all the changes on electronic payments including, ACH, automatic transfers and payroll deductions during this weekend. Your new loan account type (suffix) will be on your next statement. Please remember your new loan account type number when using the 24 hour electronic telephone access and Online Banking.

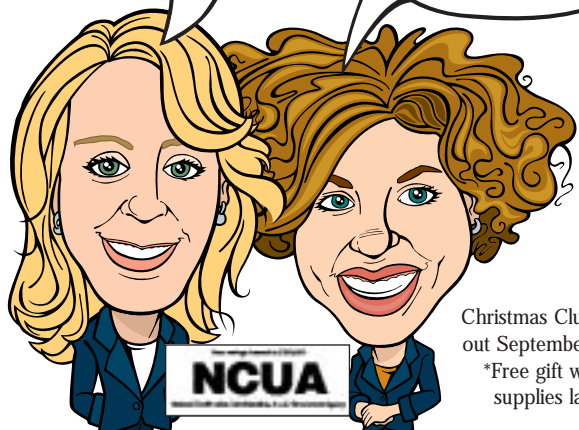

Call us at 993-9000 if you have any questions!
